

**Grayson Sanders**  
Chief Financial Officer  
2016 - Present

Mr. Grayson Sanders serves as Dennis Corporation's Chief Financial Officer. Mr. Sanders began his career at Dennis Corporation three years ago as an Accounting Intern. Shortly after he took on the role of Accounting Technician and quickly grew into the position of CFO. Mr. Sanders is an experienced professional in the development and implementation of strategic financial procedures and systems.

As Dennis Corporation's Chief Financial Officer, Mr. Sanders is responsible for all corporate financials including debt schedules, backlog reports, and income statements. He is also responsible for completing payroll processing, cost benefit analysis, and forecasting expenses and revenue to assist the division managers with monthly revenues.

Mr. Sanders has the ability to handle complex information and possesses strong leadership and managerial skills needed to improve the efficiency of all accounting including invoicing, accounts receivable collections, and financial reporting analysis of profitability.

Mr. Sanders focuses on Dennis Corporation's profitability and stable growth and works to achieve his goal of reduced monthly expenses and increased monthly revenues. As CFO, he has maintained an open door policy and remains available to answer questions and provide support for all divisions of Dennis Corporation.

Mr. Sanders has also assisted Dennis Corporation's IT Manager with maintaining all IT Infrastructure needs at our headquarters and satellite offices. This includes server and network maintenance, employee workstations, mobile office maintenance, and printer/copier upkeep.

Previous to his time at Dennis Corporation, Mr. Sanders provided accounting services for IGA and Healthcare Management.
