Mr. Jim Lechner is a decisive and forward-thinking executive with twenty-seven years of government experience in strategic and operational planning. A highly skilled media communicator with a proven record of success. He has an outstanding track record of success which has made him a valuable asset to the Dennis Corporation family. His extensive military background makes him a vital asset in leading and decision making for the company.

Mr. Lechner's has become a admirable leader through being a retired senior US Army infantry officer with over 35 years of experience in planning, operations, and training during numerous contingency operations and overseas tours in Europe, Africa, Asia, and the Middle East with military and law enforcement.

His experiences have also bolstered his management skills through his time directing and supervising operations and the execution of planning, training, financial management, and acquisition for multiple organizations.

Mr. Lechner has also used his excellent oral, written, and media skills to strengthen communications within Dennis Corporation. His extensive background and experience as a public speaker, media consultant, and briefer at the highest levels of the US military and national government bring a unique perspective to the company.
