Mr. Rhett Frazier will act as a survey crew chief for the Town of Mount Pleasant. He has gained a great amount of experience since joining Dennis Corporation, and he is prepared to assist the Town of Mount Pleasant in anyway that he can.

Charleston Airport Parking Garage; Charleston, S.C.: Dennis Corporation was enlisted by Roy Anderson Corp Contractors to provide surveying services for a parking garage that was being built at the Charleston Airport. Mr. Fraizer led the survey team that completed the construction layout for this project.

Park West Boulevard Widening; Mount Pleasant, S.C.: Mr. Frazier and his team of surveyors provided construction stakes, lines, and grades for the widening of Park West Boulevard. Mr. Fraizer provided a variety of surveying services including staking and as-builts that helped to complete the project.

Project Night; Ridgeville, S.C.: Dennis Corporation provided surveying services for a three million square foot Wal-Mart Distribution Center in Ridgeville. During the surveying process, Mr. Frazier showed exceptional work ethic and effort. Leading his team of surveyors, Mr. Frazier was able to complete this job on-time and within budget.

GSP Airport New Cargo Area Development; Greer, S.C.: Mr. Fraizer assisted McCarthy Improvement with survey services for the new cargo area development at GSP Airport. The scope of services for this survey project consisted of construction stakes, lines, and grading, as well as progress and record surveys.

FY20 AIWW Diking to Port Royal; Charleston, S.C.: Dennis Corporation took on this project to perform survey services for Charleston. Mr. Fraizer led his team on the preconstruction survey of ten existing dikes, model creation for machine control, and as-builts.
